

Tobii Dynamox T7 featuring Compass Software

Big Things DO Come in Small Packages!

Boasting a handy 7-inch screen and weighing in under 1.3 lbs, the Tobii Dynamox T7 is the ultimate ultra-portable, ultra-light speech-generating device. Along with its all-powerful thundering speakers, the T7 allows users to go and be heard, anywhere, anytime.

Confidence in the Palm of Your Hands

Equipping users with the power to speak up, the T7 gives them the freedom to participate in daily conversations, quickly answer questions in the classroom, and easily express how their day was. Users also benefit from the T7's compact size by having the peace of mind in knowing that there are no limits to where their device can go with them.

Tobii Dynamox Compass Goes Small to Do It Big

Flexible and robust, Compass brings effective and efficient communication to the T7. Loaded with the most extensive language content available on any AAC solution, Compass includes eight pagesets, Acapella and Ivona voices, including children's voices, and so much more.

Connected to **mytobiidynamox.com**

mytobiidynamox is your cloud-based connection to backup, update, personalize and manage your Compass solution! Your **mytobiidynamox** account is a great way for your entire communication team - therapist, educators, caregivers and loved ones - to connect to you, share communication pages, and personalize settings.

Here you have access to dozens of therapy supports and goal planning resources, along with the ability to interact with a dynamic community of your peers and the Tobii Dynamox clinical and technical teams. **mytobiidynamox** brings all of these things together to provide a support experience unlike any other!

The Tobii Dynavox Difference

At Tobii Dynavox, we believe that our products are more than just hardware, software and technology - they are a person's pathway to a world of expression. This belief inspires us to strive for excellence as we help you build a solid foundation for communication. This difference is evident in the support you receive from our dedicated Sales Consultants, unsurpassed technical support, live and online training programs, and funding resources. Your relationship with Tobii Dynavox is a partnership that we are privileged to share.

Comprehensive Support

Successful integration of Tobii Dynavox devices is dependent, not only on a user's commitment to integration, but on the support they receive from Tobii Dynavox. We offer the most comprehensive network of sales, training, funding and technical support in the industry.

Training

Tobii Dynavox offers flexible training opportunities at a variety of levels and in a variety of formats to help communicators, professionals, parents and caregivers get the most out of communication and educational tools. Sessions are Online, On Location or On Demand and tailored to meet your needs and skills as you strengthen communication and enhance learning.

Tobii Dynavox Support360™

Tobii Dynavox T-Series non-dedicated (open) devices are covered with a one year Support360 service warranty, and dedicated (closed) devices are covered with a two year Support360 service warranty. This warranty is effective on the date the product is shipped from Tobii Dynavox's manufacturing facility. It provides coverage, free-of-charge, for repair or replacement of parts, labor, and return shipping on:

- All hardware repairs to the base unit
- Memory card (where applicable)
- Battery (six months from the date of shipment)
- Chargers

Tobii Dynavox Support360 extended service warranties are available for purchase. For complete details, visit www.tobiidynavox.com/support-360/
