

PCEye Explore EOS Notification

Tobii Dynavox PCEye Explore – Immediate End of Sale Notification – July 15, 2017

Tobii Dynavox is today announcing the global End of Sale of the PCEye Explore. As of July 15th, the PCEye Explore will no longer be available for sale as part of the Tobii Dynavox product portfolio. The PCEye Explore is replaced by the Tobii Dynavox PCEye Plus or the PCEye Mini, which are both available with improved performance and functionality.

As always, Tobii Dynavox will continue to provide technical support and repair services for the PCEye Explore devices sold to date, and will also continue to honor any standard or current warranties.

As a courtesy to the valued customers of PCEye Explore, Tobii Dynavox will fulfill any current orders in process.

Follow-on products depend on the needs of the individual user, but in general the available options are:

Key Needs

Devices

Large and small screens

PCEye Plus

Smaller screens

PCEye Mini

For additional information regarding the End of Sale of the PCEye Explore, please contact Tobii Dynavox Customer Support at css@tobiidynavox.com.
